

Our Excursions

VARNA DOLPHINARIUM ALADZHA MONASTERY

The Pearl of the Bulgarian Black Sea Coast – the beautiful Varna will be awaiting you. The bus tour will introduce you to the image of our marine capital. Then, you will visit the only Dolphinarium on the Balkan Peninsula and you will be involved in the most fun attraction - cheerful show of dolphins. Six in number - two male and four female intelligent actors can jump through hoops, juggle and even sing a short melody.

Your lunch will be in a cozy restaurant in the Seaside Garden. The excursion will continue with a visit to one of the most beloved rock monasteries in Bulgaria - Aladzha. Nestled in a beautiful wooded area, away from the noisy streets and vanity, it will offer you an unforgettable walk. You will see the well preserved monastic cells, a kitchen, a small church and a monastery chapel.

Royal Strands– Balchik & Kaliakra Cape

Kaliakra is one of the tourist attractions on the Northern Black Sea Coast. This prolonged and narrowing rocky peninsula offers breathtaking panoramic views worthy of Guinness. The Kaliakra steep slopes descend into the water. Here the waves have carved caves and arches in their foot, and flocks of storks, pelicans and cranes fly here on their Via Pontica Way in the autumn. A thriving town with castle walls and martial towers stretched here in the ancient times. Many legends are associated with the Kaliakra Cape. The most famous of them tells the story of 40 Bulgarian girls, led by the Beauty Kaliakra, who jumped off the cliff into the sea to save themselves from the Ottoman Turks. Surely, the time for photos will not be enough for you.

The combination of ancient history and the romance of the sea is amazing. Continuing further along the road, you will stop by a pottery workshop. Here you will find colourful ceramic souvenirs. Balchik is the next stop in our programme where the houses are picturesquely perched on the steep slopes, and the sea view is simply admirable. You will visit Queen Mary's summer residence, her favourite marble throne and the Bridge of Sighs. During the walk through the botanical garden, you will see exotic plants such as holm oak, rubber tree, Japanese raisin tree, evergreen magnolia, giant cacti, spring and summer flowers, twisting lianas, alpine and aquatic plants, ferns and flowering shrubs.

Sozopol & Ropotamo River by bus

This excursion will be a good opportunity to discover the beauty of our southern Black Sea Coast. Along the way, we will visit the St. George Monastery in Pomorie, which originated around a healing spring and turned into one of the most famous monasteries on the Black Sea Coast. St. George's marble bas-relief is exposed in the church, under which healing water has flowed. Sozopol will be opened in front of you only in an hour – roofs, perched on a rocky shore, on a labyrinth of lanes. You'll find the typical Strandzha Mountain and Balkan Bulgarian National Revival houses here. The walking tour will continue with a visit to the southern castle wall. You will stop for a photo break in a beautiful rocky beach, where a magnificent view of the sea and the Island of St. Ivan will be opened out. Lunch in a cozy restaurant in the old town

Sozopol is the oldest town on the Black Sea Coast. Greek emigrants from Miletus founded the town and named it Apollonia in honour of the God Apollo – the God of the sun and health. Later, the town was named Sozopolis, which means salvation, i.e. the beach of salvation. Today, Sozopol is a romantic and loved destination, a town of fishermen and artists...

A wild recess is located only half an hour away - Ropotamo Reserve, where a refreshing boat trip on Ropotamo River will be awaiting you. Wild dense forests and winding lianas will protect you from the scorching sun, and you will be able to watch terrapins, cormorants, wild ducks and magnificent water lilies in the river. Our romantic excursion will end with free time in the town of Burgas.

Nessebar Panorama

Mesambria is the ancient name of the town founded by Doric settlers in the 5th century BC. The town has been an important trade and craft centre for 2,500 years. The ruins of fortress walls, dwellings, pagan temples and Christian churches also rise today above the beautiful two-storey houses. There were temples of Zeus, Apollo, Isis and Dionysus during the Hellenistic and Roman times. Numerous churches were built later in their places. Today the Old Nessebar is declared an archaeological and architectural reserve included in the UNESCO list. Our walking tour will introduce you to the churches of St. Sofia (the Old Metropolis), Jesus Christ Pantocrator, St. Archangels Michael and Gabriel, St. John Aliturgetos and the remains of the Byzantine baths. We'll walk you in the most picturesque lane of the old town, where the atmosphere is so colourful that you will think that you are in a picture. The free time certainly will not get where countless souvenir small shops will be awaiting you.

Bulgarian Evening

Do you want to touch the magic of the Bulgarian folklore and traditional cuisine?
